CONNECTING PUBLIC POWER, ACHIEVING MORE

## Pre-Rally

### PROMOTE YOUR SPONSORSHIP

- Link to the event on your website.
- Share the social media graphics we provided to encourage your customers to register and to let them know you're supporting the event.
- Contact registrants with the lists we provide to you (a postcard is a cost-effective option) to let them know you're looking forward to seeing them at the Rally. Consider hosting an event and invite customers and prospects.

### DEVELOP YOUR ON-SITE STRATEGY

- Determine your onsite representatives. Make sure that they understand public power and are comfortable engaging current and prospective customers.

## During the Rally

- Position yourself as a subject matter expert rather than a salesperson. Ask attendees what they're seeing at their utilities, then offer insight and ideas, not just a sales pitch.
- Enhance your conference experience with the APPA Engage mobile app. From the app, you can set your schedule, find meeting rooms, learn about speakers and sponsors, and chat with fellow Rally attendees. Simply search for "APPA Engage" in the App Store or Android Market to download this free app onto your iOS or Android-powered device. If you need assistance, please stop by the APPA registration desk.

## Post-Rally

### FOLLOW-UP WITH ATTENDEES

- Connect with prospects, thank them for meeting with you, and reinforce the ways your company can help them.
- Thank your current customers for their business and let them know how much you enjoyed seeing them.
- Consider offering a post-Rally discount to attract or retain customers.
